

OUR PLEDGE TO YOU

We pledge to you our continued dedication to putting the health and safety of our members and employees first, above all else, while striving to deliver an excellent member experience.

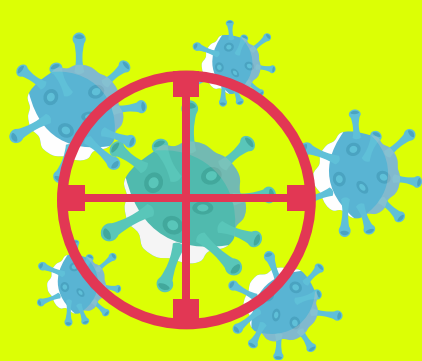

As a [clinically-integrated Medical Fitness Center](#), we accept the responsibility and are well positioned to respond to life alongside coronavirus.

OUR DIFFERENCE:

Medical Integration

As part of a clinically-integrated facility, our Center receives medical oversight from our medical director.

Advanced Disinfecting

The MicroShield 360 system works to immediately kill then prevent future pathogens from living on treated surfaces. It works EVERY SECOND OF EVERY DAY.

Advanced Air Filtration

Units equipped with HEPA filtration and UV Light sanitation capabilities will purify your air in high-traffic areas of the Center.

Enhanced Safety

Our Center is taking precautionary measures to ensure the health and safety of our members and employees, including:

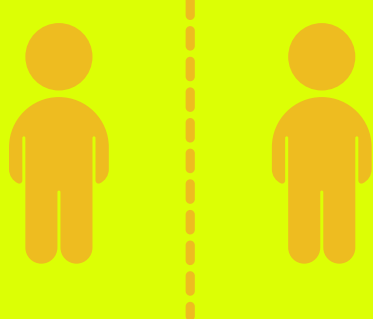

CONTROLLED CAPACITY

The number of individuals in the Center as well as size of Group Fitness classes will be monitored and communicated in accordance with local guidelines.

PERSONAL PROTECTION

Employees are required to wear masks/face coverings during work hours. Proper handwashing at regular intervals is required.

MONITORED DISTANCING

We are enforcing 6 feet of distance between all individuals. Equipment will be spaced appropriately.

EMPLOYEE SCREENING

Employees will be screened prior to every shift to ensure we have a healthy team.

Our Difference. Your Advantage.
